FACULTY SENATE RECOMMENDATIONS

Faculty senates are mandated by W.V. Code 18-5A-5. Each school must have a faculty senate comprised of all permanent, full time professional educators employed at the school. All faculty senates will comply with the requirements of 18-5A-5 and all W.V. Department of Education policies regarding faculty senates.

In matters in which the faculty senate wishes to make recommendation to the principal, the superintendent, or the Summers County Board of Education the following procedures shall be followed:

1. The principal shall receive in writing a copy of the recommendation and its rationale signed by the president and the secretary of the faculty senate. The principal shall acknowledge the receipt and the disposition of the recommendation in writing to the faculty senate.
2. The superintendent shall receive in writing a copy of the recommendation and its rationale signed by the president and the secretary of the faculty senate. The superintendent shall acknowledge the receipt and disposition of the recommendation in writing to the faculty senate.
3. If any recommendation of the faculty senate requires action by the Summers County Board of Education then the principal and the superintendent of schools shall receive a written copy of the recommendation and rationale signed by the president and secretary of the faculty senate at least one week prior to the next regularly scheduled meeting of the Board. It will be the responsibility of the faculty senate to place the recommendation on the Board Agenda and present the recommendation according to Board Policy.
