SALE OF SOFT DRINKS

The sale of 100% water will be permitted at Summers County High School and Summers Middle School except during breakfast and lunch periods. The sale of water must be in compliance with the national school lunch program of the state board and the nutrition service of the United States Department of Agriculture.

The vendors must collect the cash in vending machines and personnel from the school will handle no money. Commission checks are to be issued to the school and 75% to be deposited to the faculty senate and 25% to the operations account for the purchase of necessary supplies by the principal.
